

Compressor Replacement Kit for RoadLazer Line Striping Systems

3A2025A
EN

Kit 112796

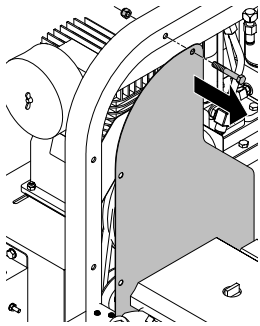

Important Safety Instructions

Read all warnings and instructions in the RoadLazer manual. Save these instructions.

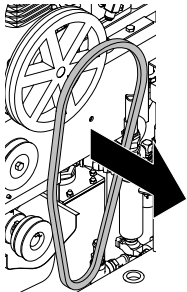

Instructions

1. Remove compressor pulley shield.

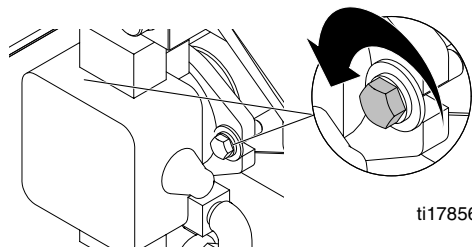

ti17859a

2. Remove b-groove style v-belt. Leave belt if a-groove style belt is installed and skip to step 4.

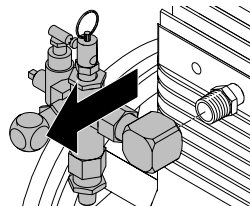

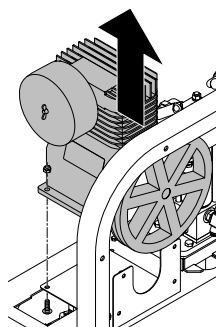

ti17857a

3. Loosen pump and shield by engine and install new v-belt around engine pulley. Reinstall pump and shield.

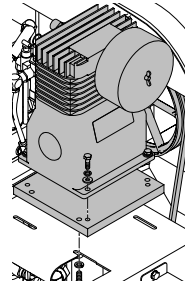

ti17856a

4. Remove old compressor from unit and remove unloader assembly.

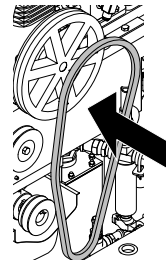

ti17858a

5. Place new compressor with attached adapter plate in place and place v-belt around pulley.

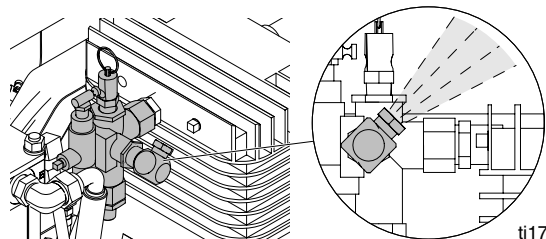

ti17854a

6. Apply thread sealant to bolts and install bolts, lock washers and flat washers into adapter plate. Adjust belt until proper tension is achieved. Tighten bolts to securely attach adapter plate to frame.

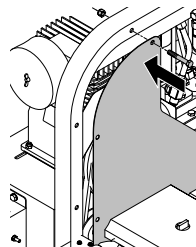

ti17853a

7. **For 3 pump models:** Loosen hose on pump closest to compressor and clock it 90° down so it does not interfere with unloader.
8. Attach unloader to compressor using straight fitting and clock outlet/muffler at a 45° angle over the top of the compressor.

ti17852a

9. Reinstall shield.

ti17855a

NOTE: The compressor has no oil in it. Fill the compressor with the supplied oil or any high grade synthetic compressor oil only to the top of the sight glass.
